

My name is Laura Hemmaway, my husband and I have two children our eldest is 7 and currently in year 3 and our youngest is 3 and attends Lilliput Pre-school. As a parent I am passionate in my desire to help the school achieve the best possible school experience for all children, which will in turn help to give them the best start for a happy, healthy life as they grow. Like every other parent, I want the very best for my children. I want them to be happy, confident and achieve to the best of their ability. I will use the skills I have gained in both my working and personal life to benefit the school, to the best of my ability.
