

## Engagement Plan: Year 1

### Spring Term 2

## National Curriculum

As Scientists we will be learning about different parts of the body and the different senses. We will be tasting different food types.

As Theologians we will be thinking about the difference faith makes to a family.

As designers, we will be designing and using new skills to sew bookmarks.

As sportsmen and women we will be improving our football skills and exploring gymnastics.

As writers we will be thinking about making our sentences more interesting to the reader, writing diaries and completing work based around The Robot and The Bluebird book.

As Mathematicians we are thinking about length, height, weight and volume along with developing our knowledge of place value.

## Curriculum Drivers

### Energy For Life

To improve our knowledge about the world of work, we will be discovering all about our brilliant bodies.

For our health, we will be thinking about how we can look after our bodies and keep them healthy.

In sport, we will be improving our football and gymnastic skills.

### Energy for Learning

To improve our knowledge, we will listen and try to have a go.

To improve our skills, we will keep persevering.

To demonstrate good learning attitudes, we will keep trying even if we need help.

### Energy for the Environment

To recycle, we will continue to place used paper in the recycling bins.

To reduce, we will have less photocopying.

To reuse, we will use the back of sheets for rough work.
