

Engagement Plan: Year 1

Summer Term 1

National Curriculum

As

scientists we will be learning about the properties of different materials and will be testing their suitability for constructing various structures, including den building!

As Theologians we will be thinking about various aspects of Sikh beliefs and worship and comparing this to our learning about Christianity.

As Sportsmen and women we will working together to play striking and fielding games and develop ourselves as athletes!

As writers we will continue to make our sentences more interesting to the reader and will experience a variety of genres and stories including the Three Little Pigs.

As Mathematicians be developing our mental maths skills and beginning to learn about multiplication and division.

Curriculum Drivers

Energy For Life

To improve our knowledge about the world of work, we will be working together to design and create buildings and other structures eg, bridges and testing them in different ways.

For our health, and in sport, we will be exploring and developing new skills including throwing, catching and batting.

Energy for Learning

To improve our knowledge, we will listen and try to have a go.

To improve our skills, we will keep persevering.

To demonstrate good learning attitudes, we will keep trying even if we need help.

Energy for the Environment

To recycle, we will continue to place used paper in the recycling bins.

To reduce, we will have less photocopying and continue to work from a whiteboard.

To reuse, we will be junk modelling.
