

Bring history to life!

Welcome to Peterborough Museum & Art Gallery's latest schools & learning newsletter

NEW!

We've added a new session to our award winning schools and learning programme

Mark your calendars

Archaeology (KS2)

Archaeology asks the big questions about life and society in the past. In this session students will be able to learn how archaeologists use objects to discover life in the past and how science from excavation can often challenge pre-existing historical evidence. Activities include: Anglo Saxon excavation, handling objects and artefacts from different historical periods and Roman pottery investigations.

For more information and prices

To help develop our new Archaeology session and understand how this supports your history teaching, join our next **FREE Teacher Consultation Evening**.

4 June, 4.30pm - 6pm

Register your interest and receive a discount on booking our new Archaeology session!

MARY ANNING ROCKS

coming soon to Peterborough Museum!

With the help of the Geologists' Association a Marquette statue of Mary Anning has gone on tour around the country and from **Aug - Oct** will be on display in the *Mary Anning Rocks - The Road Trip* exhibition at Peterborough Museum & Art Gallery

Art competition!

Be in for a chance to get your students' art displayed in the upcoming *Mary Anning Rocks* exhibition!

We're asking Peterborough Schools to get their pupils to **submit a piece of art - inspired by Mary Anning**.

Students can be as creative as they like! Want to get your class involved?

Register your interest

Under the Jurassic Sea (EYFS & KS1)

Evidence for Evolution (KS2 & KS3)

As part of our Under the Jurassic Sea and Evidence for Evolution sessions, students will get to meet Mary Anning and for a limited time classes will be able to visit the Mary Anning Rocks exhibition as part of their visit.*

*Available during term one visits only

During the Archaeology session, for a **limited time only** classes can see *Introducing Must Farm, a Bronze Age Settlement* exhibition as part of their visit.

Discover the Bronze Age settlement at Must Farm, excavated in 2015-16, it has provided an incredible insight into life in the Bronze Age. Handle some replica objects similar to what people who lived there would have used, and take the opportunity to look around the exhibition.
