

Engagement Plan: Year 5 Spring 1

National Curriculum

As writers, we will be writing instructions about a Mexican recipe. We will be writing to inform.

As Historians, we will be using sources of evidence to find out about the Mayans. We will then use our knowledge to predict why we think the Maya era ended.

As Mathematicians, we will continue exploring multiplication and division before looking in more detail at fractions.

As Scientists we will be investigating different categories for living things.

As Geologists, we are continuing to create a case study of South America focusing on Mesoamerica.

Curriculum Drivers

Energy For Life

To improve our understanding of the economy, we will be looking at money.

In sport, we will be exploring Outdoor Adventure Activities.

Energy for Learning

To improve our knowledge, we will explore living things and their adaptations.

To improve our skills, we will read 30 minutes a day, and at least 3 times a week at home.

To demonstrate good learning attitudes, we will push ourselves to achieve our best results.

Energy for the Environment

We will compare the environment between modern and ancient Mesoamerica.

To demonstrate respect for the environment, we will continue to recycle and discuss how to care for the world.
