

## Engagement Plan: Year 5 Spring 2

National Curriculum

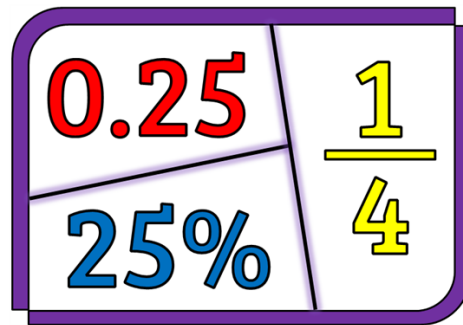

As writers, we will be writing to entertain through Play scripts and writing a diary entry.

As Historians, we will be looking further into the lives of the Ancient Greeks and the impact they have had on our world today with a focus on democracy.

As Mathematicians, we will be investigating fractions, decimals and percentages.

As scientists, we will be looking at the properties of materials and how to classify them.

As geographers, we will be learning how to locate places using longitude and latitude.

### Curriculum Drivers

#### Energy For Life

In outdoor games, we will be taking part in cross country and orienteering based activities.

In PSHE, we are learning about our identity and community.

#### Energy for Learning

To improve our handwriting and spelling we will practise daily.

To improve our comprehension skills, we will read a range of texts (including poetry and non-fiction) for 20 minutes a day.

#### Energy for the Environment

We will be keeping our locker area tidier.

We will be more conscious of how we travel to school.
