

Engagement Plan: Pre-School Autumn 2- Colour

Early Years Foundation Stage

As communicators, we will be beginning to share our experiences of familiar celebrations e.g. bonfire night, Christmas.

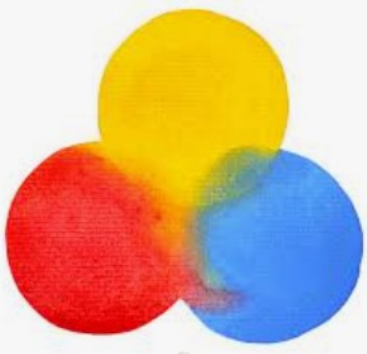

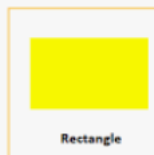

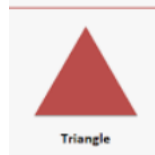

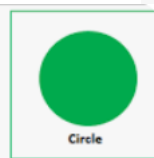

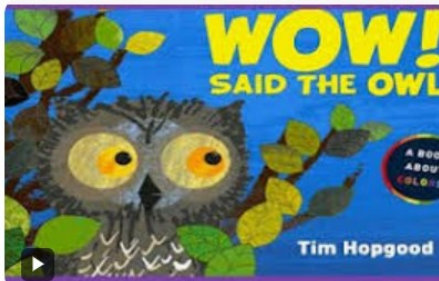

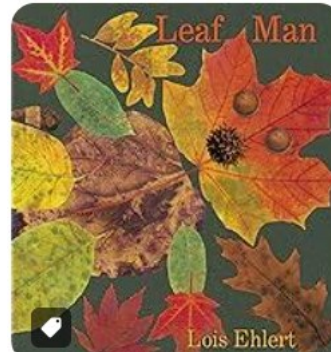

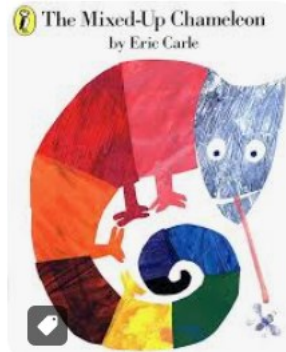

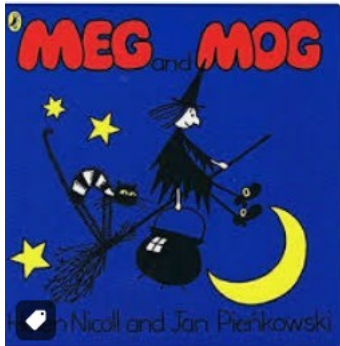

As geographers, we will be exploring our school community and become familiar with this.

As mathematicians, we will be focusing on identifying shapes and colours on environment walks.

As readers, we will begin to understand the importance of listening to adults for a short period of time whilst on the carpet.

As artists we will be naming the primary colours and explore mixing these with powder and poster paints, to create our own artwork.

As Musicians, we will sing along to familiar songs and fill in the missing words.

Curriculum Drivers

Energy For Life

In PE, we will be beginning to skip, hop and stand on one leg and hold a pose. We will use scooters and wheeled equipment safely, being aware of others around us.

Energy for Learning

We will be looking at colours in the environment around us and exploring mixing primary colours. We will share our own experiences of celebrations that are important to us both verbally and through looking at pictures shared from home.

Energy for the Environment

We will begin to observe changes in the weather and how the environment changes during Autumn and Winter. We will talk about what we need to wear to make sure we are dressed appropriately for the weather.
