

Engagement Plan: Pre-School Spring Term 2- People who help us

Early Years Foundation Stage

As communicators, we will be beginning to talk about our own experiences linked to 'people who help us'. We will look at the roles of different people within our community e.g. firefighters and doctors. We will also be looking at stories including 'Superhero like you', 'The Beastly Bunch' and 'Mog and the V.E.T.'

As geographers, we will be looking at key features on a map and on a local environment walk around school.

As mathematicians, we will be focusing on recognition of numbers 3 and 4 and counting these amounts with everyday objects. We will also be exploring height and length and using language to describe objects and ourselves, such as 'tall' and 'short'.

Alongside our theme, we will be looking at oral health, knowing that we need to brush our teeth twice a day and why.

As artists we will be painting with different media, such as larger blocks and sponges.

As Musicians, we will begin to explore a variety of musical instruments and name a few of them.

Curriculum Drivers

Energy For Life

In PE, we will be catching and throwing large balls with one hand from a longer distance. We will be recognising sequences and patterns for action songs. In our play, we will develop the use of our knife and fork skills.

Energy for Learning

We will be beginning to identify what we need help with and seek support from an adult or our peers or with independence if appropriate. We will be celebrating accomplishment of goals. Beginning to take turns in games and group activities with developing confidence. Beginning to select and use activities and resources, with help and independence, when needed.

Energy for the Environment

We will be looking at people who help us and what things they do to help us. We will develop our understanding of different jobs and activities these people do.
