Dear Parents/Carers

PHSE (Sex and Relationships Education) Year 6

In accordance with National and County guidelines, Sex and Relationships Education is taught in Years 5 and 6 as part of our Personal Social and Health Education programme.

We intend to provide the children with a clear understanding about growth, development and reproduction. Family relationships are always emphasised. The children are encouraged to ask questions and discuss their work with their parents. The class teachers are also available to answer any questions.

Our Governors have a policy document covering Sex and Relationships Education in school that reflects national requirements and our teaching is in line with this. In 2009 we changed our SRE policy and the objectives have now been split between Years 5 and 6.

Our Sex and Relationships Education will be taught every day for one week.

You may wish to view the materials we will be basing our teaching around, so we have arranged to show our DVD and resources on Tuesday 7th June at 3:30pm - 4.15pm. **The viewing is for parents only.**

If you do wish to attend the viewing, please complete the slip below and return to the class teacher.

Yours sincerely

Mr Brown
