

Engagement Plan: Year 3

Summer 2

Land Use and Forces

$$65 \div 5$$
$$5 \overline{)65}$$

Land-use Change

National Curriculum

As scientists we will be learning about forces and magnets

In English we will be continuing to 'Write to discuss.' We will learn how to write a balanced argument, concentrating on the use of appropriate conjunctions to join clauses.

In Maths, the children will continue to practise division techniques as well as working on statistics. Our work will also include area and perimeter. Times tables will still be a focus ...this half term we will be focussing on 8 times table.

In geography we will be learning about the change in the use of land, especially in Whittlesey. We will be using Digi maps to help us in our understanding.

We will begin our swimming lessons and our outdoor games focus will be athletics.

Curriculum Drivers

Energy For Life

For our health, we will continue to follow the school's healthy eating policy and encourage healthy snacks at break time. Children

In games we will be doing indoor fitness activities and speed stacking. In games we will be practising our striking and fielding skills.

Energy for Learning

To improve our knowledge, we will participate enthusiastically in our theme getting in role when required.

To improve our skills, we will practise and use what we've been taught

To demonstrate good learning attitudes, we will work together as a team helping each other

Energy for the Environment

To recycle, we will put paper waste in the brown bin

To reduce, we will make everyone aware of the need to look after the classroom equipment carefully so as not to waste/break it.
