

Dear Parent/Carer

8th February 2016

We frequently update our school website throughout the year to bring you the latest school news, events and important information affecting you. To make it even easier to access this information, we are pleased to announce the launch of a mobile and tablet app, which you can now download for free from the IOS and Google Play App Stores. To download the app, simply go to the respective app store and search for "school news". Once the app has been downloaded, simply enter our school postcode to subscribe to updates and opt into push notifications, allowing you to receive instant updates on important news, such as school closures, trips and sporting events.

Why you need our School News App:

- Get push notifications to your phone as news happens. In the event of a snow day, or unexpected school closure, you'll receive a notification straight to your mobile device explaining what's happening and when we think the school will re-open.
- Quickly check timings for events. Keep up to date with the latest school dates, term times and key events directly from within the App.
- Feel better connected. With galleries, blog posts and news items, our new School News App will help bring you even closer to what is happening in our school.
- Import events into your device calendar. The School News App allows you to import events straight to your device calendar so you can check for clashes and set reminders for upcoming important events.
- Contact the school directly through the App. Need to get in touch? You'll find all the details you need in the App.

If you require any more information, please get in touch or visit our school website.

Yours faithfully,

D Bavister
IT Technician
